Every single sentence in every single UK
specification - covered.

Good topic notes and cool videos. I'll definitely recommend it to my students.

**SEEMA SEHGAL - AQA EXAMINER
AND BIOLOGY TEACHER**

A really useful resource for reviewing knowledge of the OCR A-level Biology specification. The A Level Biologist features revision notes and videos nicely matched to the course requirements alongside useful practical applications to enhance your knowledge in preparation for the 'application' style exam questions.
